

REMARKS CONCERNING THE AMENDMENT

The above amendments were made to add dependent claims to the group of claims for which an election was made. These new claims 70-75 find antecedent basis in the original disclosure and specification in general, and, for example, CLAIMS 62-69.

These claims are claims that are truly dependent from the elected claims.

REPONSE TO THE RESTRICTION REQUIREMENT

Applicants hereby elect, **without traverse**, the subject matter of claims 60-61 for prosecution on the merits. Applicants elect to reserve the right to file divisional applications on the subject matter of claims 62-69 at a time of their own election.

New claims 70-75 have been added which are dependent from elected claims 61-62, and these claims should be examined.

REMARKS

Applicant respectfully requests that this amendment be entered into the record and that all claims should be allowed.

If a telephone conference would be helpful in resolving any issues concerning this communication, please contact Applicant's attorney of record, Mark A. Litman at (952) 832-9090.

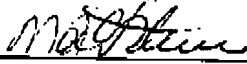

Respectfully submitted,
